° Personality

I'm a social person who's always open to innovations and ready for new experience. I try to be as flexible as possible. I'm a friendly person with a listing ear for everybody. Moreover I'm also easily deployable independently. Self I like to learn new things, so I learn often technical new stuff. Over the years as animator / instructor, I learned to deal with young people and learned to work in team, as well working with responsibilities
